

**A Little
About Us**

What we are

An Insurtech company that connects insurance providers with varied ecosystem players such as Bank of Baroda, RBL, Croma, Hitachi, Equitas, and many more. The firm aims to democratise access to insurance in India by providing customised, innovative, and affordable technology solutions to end users. Zopper's technology platform works to build a seamless, intuitive & cognitive experience for all who wish to sell, purchase, or consume insurance.

With over 200+ ecosystem partners, Zopper, through its technology platform, is powering contextual products tailored to customer profiles across the insurance spectrum in India and embedding insurance products into the digital platforms of ecosystem players like financial institutions, banks, etc.

Our key investors are Creaegis, ICICI Venture, Bessemer Venture Partners, Tiger Global and Blume Ventures.

Brief Journey

In a span of 12 years, Zopper has successfully built a base of 100+ clients.

It has raised \$75 million in a Series C round of funding led by Creaegis, ICICI Venture and Bessemer Venture Partners. Existing investor, Blume Ventures also participated in the round.

The company has successfully expanded its operations throughout India supported by a team of over 700 dedicated professionals.

Nominated as 'Top 8 - ET Startup Of The Year 2022 (Comeback Kid)'.

Google Rating of 4.8.
